Saved in: \\bus-home\Admin_Serv\CS\Programmers\Documentation\FacPortal-Documentation-Ver2.pdf

The new Student Information System (SIS) is planned to launch November 12, 2008. With the launch of the new system, faculty will be expected to manage their Rosters and Grade Submissions online. Specifically, the faculty will be expected to submit the following with a web browser:

- Wait List Drops - drop students from the wait list
- No-Show Drops - drop no-show students prior to first census
- Certify Census Roster - certify census roster (all students remaining on the roster are not no-shows)
- MidTerm Grades - submit mid-term grades
- Final Grades - submit final grades and/or attendance hours

To this end, this Quick Start Training Guide has been prepared to assist you as you get acquainted with the new Faculty Portal.

How to Navigate in your Faculty Portal

Side Navigation

Is the first of the four main navigation elements on the Faculty Portal. It contains links to the Faculty Portal Home, View Rosters, Manage Rosters, Early Alerts, Email Students and Help. By clicking on any of these links you can jump to the pages that handle the respective tasks.

SRJC-myCubby

Is the second of the four main navigation elements on the Faculty Portal. It is customizable and contains links to Course Outlines, Schedule of Classes, Enrollment Reports, Instructor Schedule, Instructor Load, Instructor Flex, CATE Home Page, Campus Announcements, Quick Links (Instructor added) and Weather. The order and location of the sub-windows in this section is determined by each faculty member.

Top Navigation

Is the third of the four main navigation elements on the Faculty Portal. This area contains links to control the Content/Layout of the portal page and Logoff.

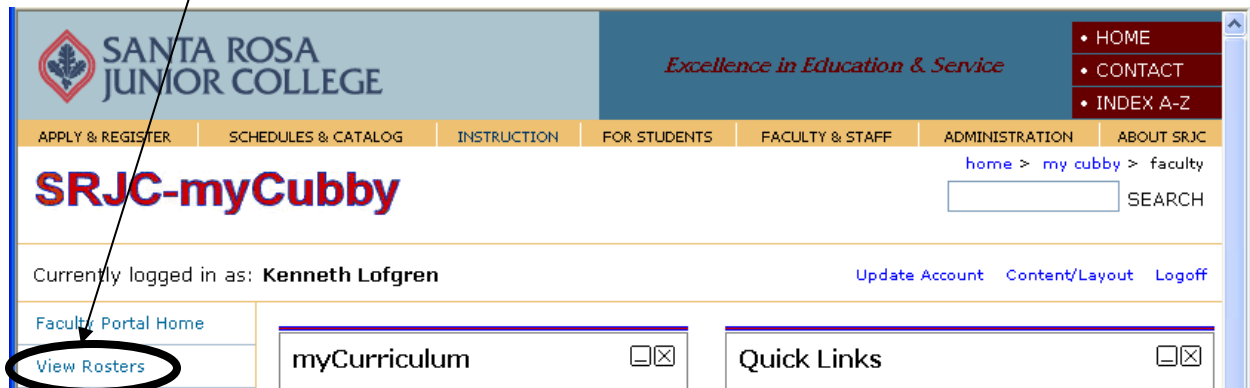

Cookie Crumb Trail

Is the fourth of the four main navigation elements on the Faculty Portal. This contains the recent path of navigation within the Faculty Portal. You may use this trail to jump back to a previous screen visited during your Faculty Portal session.

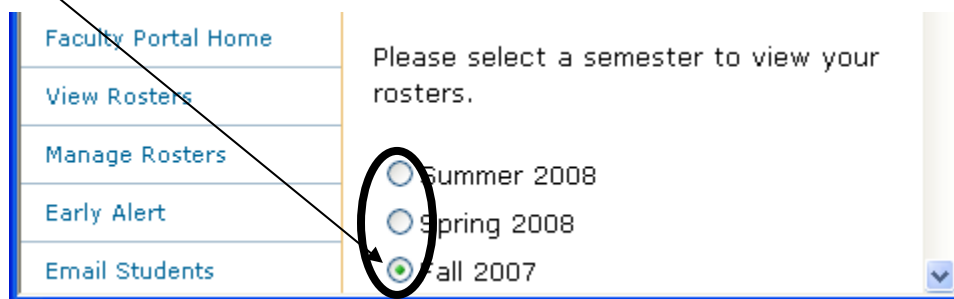

How to View Rosters

First, click on "View Rosters" in the side navigation area of your Faculty Portal.

Second, select a term by clicking on the appropriate radio button. In this example Fall 2007.

Third, click on the section number of interest to produce the Current Roster selection screen.

Fourth, this screen allows you to customize what will appear on the roster including:

- Dropped students, wait list students, print add codes, sorting by Last Name or Chronologically (click on one or more of the radio button choices)
- and
- Include on the roster Student ID, Transaction Date, Add/Drop Status, CR/NC Option, Phone Number, the Email Address (click on one of more of the check boxes)
- and
- Add blank columns to the roster to take attendance (enter a number 0-9).

How to Manage Rosters (Wait Lists, No Shows, Census Roster, Mid-Term Grades, Final Grades, and Positive Attendance Hours)

When you select the "Manage Rosters" link you will see a screen similar to the one below. It will have a list of Sections, Course Titles, and the Actions to be Taken. The "Action to be Taken" columns will have various links that become active at different times during the term.

Currently logged in as: **Cyndi Reese**

Fall 2007 > Manage Rosters

Select the action to be taken:

- Wait List Drops - drop students from the wait list
- No-Show Drops - drop no-show students prior to first census
- Certify Census Roster - certify census roster (all students remaining on the roster are not no-shows)
- MidTerm Grades - submit mid-term grades
- Final Grades - submit final grades and/or attendance hours

- **Wait List Drops** - The first column in the Action to be Taken area is for "Wait List Drops". Before the start of a class or early in the term you may link to the list of students that are on the wait list and drop them by putting a check mark in front of the names that should be removed from the wait list. When you do this the student will automatically get a refund for the course.
- **No-Show Drops** - The second column in the Action to be Taken area is for "No-Show Drops". Normally these links will be active prior to census date and will provide faculty with a method to drop No-Show students. By using this link you will get a list of all students currently enrolled in your class. By placing a check in front of the name and clicking on the Drop Students button at the bottom of the list the student will be dropped from the class using the current date.
- **Certify Census Roster** - The third column in the Action to be Taken area is used to "Certify Census Rosters". This column will have an active link for all full term courses and must be completed prior to submitting MidTerm or Final Grades. If you select this link you will see a list of all currently enrolled students for the section. If you put a check

mark in front of someone's name, they will be dropped from the class with a date prior to the Census Date. The remaining students must receive a Final Grade.

Check the box to remove a student from the Census Roster.

When done, click on the "Certify Roster to submit your roster to Admissions and Records.

- **Midterm Grades** – Midterm grades are optional and are only available for full term courses. If you choose to enter Midterm grades the option will only be active after you certify your census roster and between the 8th and 10th week of the class. There are three midterm grades that you can select, S (satisfactory), U(unsatisfactory), and W(withdrawal units not counted in GPA). To enter a midterm grade for students you click on the radio button to the left of the grade. For details see Final Grades and Positive Attendance below.

Navigating in SRJC-myCubby

SRJC-myCubby is the second of the four main navigation elements on the Faculty Portal. It is customizable and contains links which are grouped into five sub-windows.

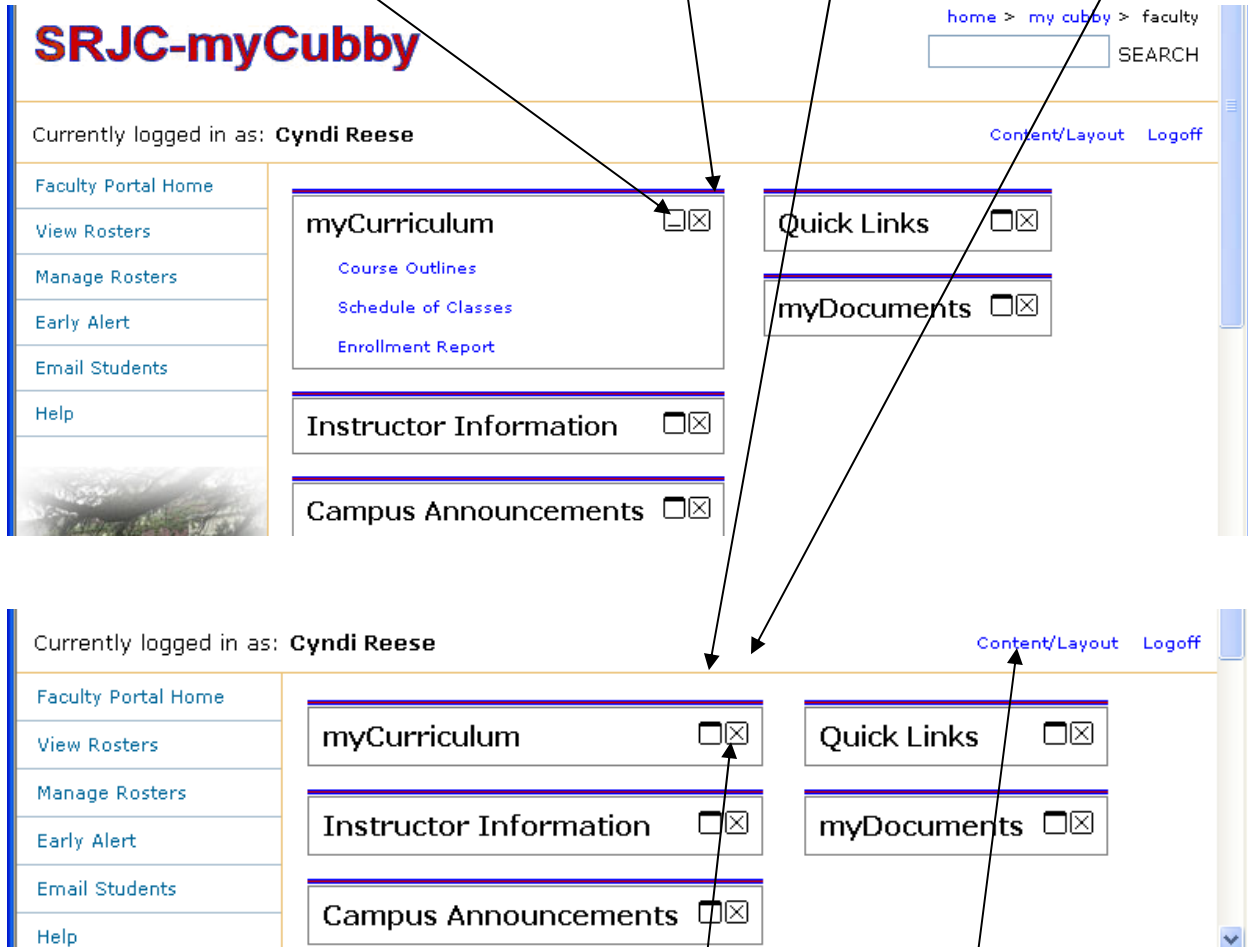

- Sub-window 1 (myCurriculum) contains links to Course Outlines, Schedule of Classes, and Enrollment Reports (available in a future release).
- Sub-window 2 (Instructor Information) contains links to Instructor Schedules, Instructor Loads, Instructor Flex activities page, and a link to My CATE Account Home Page.
- Sub-window 3 is for Campus Announcements. It will be ???

- Sub-window 4 is for Quick Links (Instructor added). This feature will be added in a future release.
- Sub-window 5 is for myDocuments which links to the File Depot page. On the File Depot page you can save large documents and share the documents by sending the link generated by File Depot

- The order and location of the sub-windows in this section is determined by each faculty member. For example you can minimize/maximize sub-windows, delete sub windows, and move the sub-windows to different locations in the myCubby area. The following describe how this works:

- Click on the dash to minimize a sub-window. For example this is the "myCurriculum" sub-window maximized. This is the "myCurriculum" minimized after clicking on the dash. To maximize it again click on the empty box.

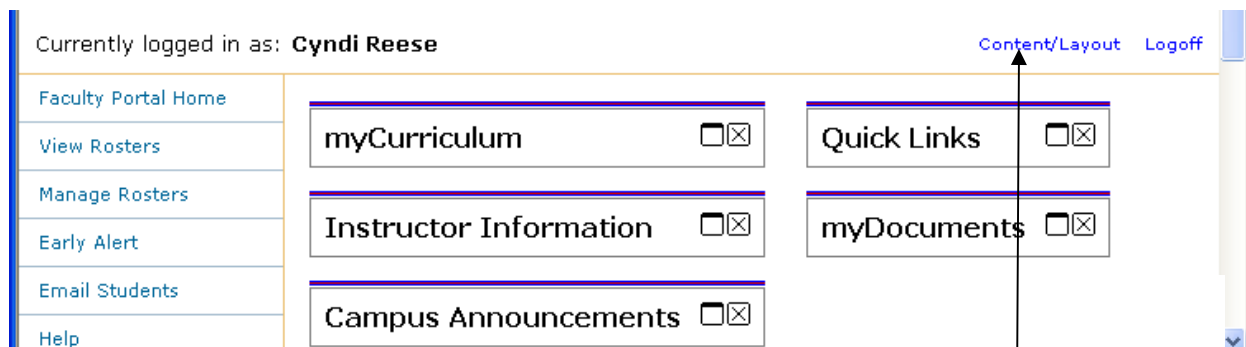

- To delete a sub-window click on the "X" in the small box.
 - To get a sub-window back after deletion click on the "Content/Layout" link.
- Continued on the next page

- After clicking on the "Content/Layout" link you will see the following screen. Look at the bottom of this window for the "Add Content" button. Click on the "Add Content" button to view the "Please choose your content screen".

- To restore a sub-window click on one of the empty check boxes. To see your sub-window again click on the "Return to Portal" button.

- To move or change the order of your sub-window click on the "Content/Layout" link. To move the sub-windows, simply click on a bold arrow and the sub-window will exchange places with the adjacent sub-window. When you are done moving the sub-windows around click on "Return to Portal" button.

Logoff the Faculty Portal

When you want to leave the Faculty Portal make sure you have saved any grade and/or roster information and then click on the "Logoff" link in the top navigation area.

Navigating the Cookie Crumb Trail

The last of the four navigation areas in the Faculty Portal is the "cookie crumb trail". This is a dynamic list of links that changes as you travel through the various menus on the Faculty Portal. You can use these links to jump back to a previous screen on the portal. In the example below, we are looking at the cookie crumb trail for a faculty member who has been to the SRJC home page, logged on to SRJC-myCubby, and selected manage rosters from the side navigation. If you click on any of the links in the trail you will jump back to that page.
